

## NEW YEAR, NEW PROMOTIONS

As part of Hunters business strategy and staff development programme, Hunters Architects and Building Consultants have promoted nine of their team within the practice. The new position of Associate has been created as part of the change.

Susan Pasint-Magyar said, 'These promotions are part of our commitment to improve and grow our business to enable us to continue to design great buildings for our clients and the end-users in areas such as housing, estate renewal, healthcare and senior living.'

Neil McCabe commented 'Since Susan and I took over the business in 2018 we aimed to support and develop many of our teams, people are the heart of our business and the outstanding service we offer. These promotions offer a structured career journey for our younger recruits.'

In February 2018 Susan Pasint-Magyar and Neil McCabe took ownership of the practice becoming joint Managing Directors, with Susan leading the architectural side of the business and Neil the Building Consultancy side.
